EDUCATION

Carnegie Mellon University, Pittsburgh, PA

July 2026

Masters of Human-Computer Interaction, School of Computer Science (GPA: 3.88)

- Relevant Coursework: Machine Learning; Human AI Interaction; Interaction Design; Software for User Interfaces
- Research: The Selection Problem in Explainable AI; Social Acceptability of XR Body Gestures

Claremont McKenna College, Claremont, CA

May 2025

Bachelor of Arts in Computer Science with a Sequence in Ethics (GPA: 3.72)

- Relevant Coursework: Algorithms; Calculus III; Logic, Automata, and Computing; Philosophy of AI; Algorithmic Art
- Semester Study Abroad: University of Canterbury, New Zealand; July - December 2023

EXPERIENCE

Arm – Pittsburgh, PA

Jan 2026

Technical Staff (MHCI Capstone)

- Researching social acceptability of XR; conducted 60+ interviews with body artists to develop design paradigms for on-body UI
- Prototyping a Unity application that renders interactive digital UI “tattoos” directly onto the user’s skin

Carnegie Mellon University – Pittsburgh, PA

Aug 2025

Research Assistant

- DIG Lab: Building a multi-agent XAI orchestrator that routes natural language queries to specialized explanation agents
- UI for AI Lab: Designing UX components for AI interfaces through user research and heuristic analysis
- CREATE Lab: Developing a data visualization web app integrating real-time pollution data with crowdsourced community reports

Lawrence Livermore National Laboratory – Livermore, CA

Aug 2024 – May 2025

Clinic Team Lead (Program Manager)

- Led a team of six to design and deploy a machine learning molecular dynamics simulation interface for cancer researchers
- Applied Python automation to streamline RAS protein modeling workflows, improving model reproducibility; research published in ACS Omega

Harvey Mudd College – Claremont, CA

Dec 2023 – May 2025

Head Computer Science Tutor and Grader

- Mentored 100+ students in advanced computing concepts, integrating project-based learning and accessibility principles into instruction
- Managed and trained a 12-person tutor team, implementing feedback loops that improved student performance and satisfaction scores

State of Montana Department of Administration – Helena, MT

June 2024 – Aug 2024

Cyber Security Automation Engineer and AI Evaluation Intern

- Automated incident response workflows using XSOAR and Python, reducing manual task time in phishing response
- Authored the state’s first AI risk assessment framework, outlining ethical guidelines for future policy adoption

Claremont McKenna College – Claremont, CA

Dec 2023 – May 2024

Computational Research Assistant

- Conducted award-winning research on gerrymandering and political districts data with R, Python, and Pandas
- Analyzed the properties of dual graphs such as scalar associativity and rate of diffusion to model redistricting methods

LEADERSHIP EXPERIENCE

Founder and President, Claremont Coding Club

Apr 2022 – May 2025

- Founded and led a 60+ member coding organization, teaching weekly workshops on all aspects of coding and technical communication
- Built a partnership with Girls Who Code, increasing participation of women in tech programs across seven colleges

Climate Council Appointee, City of Bozeman

Oct 2019 – Dec 2020

- Appointed by the mayor to build a comprehensive climate plan with 16 innovative and actionable solutions
- Drafted plan to be an equitable, resilient, and 100% carbon neutral city by 2050

HONORS & RECOGNITIONS

Rales Fellow, Carnegie Mellon University, *cultivating the next generation of STEM leaders*

Apr 2025

Woman in Technology Scholarship, Visionary Integration Professionals, *recognizing strong women pursuing a career in tech*

June 2024

Earth Award, TIME Magazine, *inaugural award for influencing the future of the planet*

Dec 2023

Coke Scholar, Coca-Cola Foundation, *recognized for capacity to lead and serve, and making a significant impact on my community*

Nov 2021

SKILLS & INTERESTS

Technical: Python, JavaScript, TypeScript, SQL, R, HTML/CSS, C++

Design: Figma, Miro, Canva, Adobe Creative Suite, ComfyUI

Interests: Backcountry skiing, bikepacking, watercolor, creative coding
